Q1. Alan just, we're conducting a further interview or record of conversation with you. You were previously interviewed by Superintendent PENROSE in February of this year?

A. I was yes.

Q2. And since then you've received quite a number of documents from Telecom?

A. I have yes.

Q3. Which have been released under Freedom of Information after you applied for them. Subsequent to your conversation earlier in February, you have now been made aware that your service here at Cape Bridgewater was live monitored at some stage by Telecom?

A. Yes I have. Actually, first of all I was made aware of that by Austel, John McMAHON and with, actually a letter from John McMAHON and with my FOI I gained a notification that, that, that you know they had monitored my lines and listened in on my lines for a period of about three months.

Q4. And in that previous record of conversation you weren't aware of that, you, you were only surmising that your service might have been monitored at some stage?

A. That's right, I had, I had good thoughts that, for different reasons we all thought we were being live monitored and I guess a lot of it, we, we might have thought was paranoia. And, but I had the, the thoughts that I was being monitored yes.

Q5. Okay. I'll just show you a few documents that you've actually sent on to us and we've give us from other sources. But one of the documents, an internal email message, it's dated Friday 14th January 1994. And as you see, it states some of the problems with Cape Bridgewater Camp and clearly states that monitoring of the

- A. Did, did take place.
- Q6. Took place and the dates there are June 1993 to August 1993?
- A. August.
- 
- Q7. Since then have you also had other information about monitoring on your service?
- A. Yes I, I come up with a document I guess, maybe a month ago or six weeks ago, five weeks, it clearly states that the malicious call trace was on my other line which was my 26723, 230 line. And they would come out of the actual diary notes of the Portland Exchange, which is a different, a different number to what, the, the prior one you were talking about, was 267267.
- Q8. Okay. I'll just show you a, just show you a photocopy of a document, which you sent to me on the 14th of September, and that's a photocopy of a diary note, page dated the 7th October 1993?
- A. That's right.
- Q9. And is that the one you're referring to where?
- A. That's the one I'm referring to.
- Q10. And that states down here, at 9.00am a malicious call trace was removed from 267230?
- A. 7230 that's right.
- Q11. Okay. Just for the purpose of the tape, and for our own information prior to these dates, had you ever made any request, request with Telecom for a malicious call trace to be placed on your lines?
- A. No I have never, never once have I asked for malicious call trace and I make it very clear that never at any stage has Telecom said they were going to do any monitoring on my lines or any, any tapping or any listening of calls, at all at any time.
- Q12. Okay. So the only testing that you were talking about of that was conducted by Telecom on your lines, which involved recording of details etc, were the Elmi testing arranged by Austel?
- A. Elmi the, this is this year Elmi by Telecom but I was
